

Up to 5,000 Hours of Certified Tread Wear Performance

Trelleborg Tires now offers professional farmers added value and peace of mind, exclusively for Fendt tractors equipped with VarioDrive: up to **5,000 hours of certified tread wear performance** on selected front and rear radial tractor tyres in the following ranges:

- ✓ **TM1060**
- ✓ **TM900 ProgressiveTraction®**
- ✓ **TM1000 ProgressiveTraction®**
- ✓ **TM800 ProgressiveTraction®**
- ✓ **TM800 PowerFlex**

If your registered tyre wears down before reaching 5,000 hours (defined as reaching 20% of its original tread depth), you will receive a credit for the unused hours, which you can use toward the purchase of a new Trelleborg tyre.

How to Credit Works

If your tyre wears down to below 20% of its original tread depth before reaching 5,000 hours, visit an authorized Trelleborg Tires dealer with:

- your performance certificate
- a recent photo of the tractor's hour meter

The dealer will calculate a credit based on the remaining hours, using the original purchase price of the tyre as a reference.

Examples:

- If 200 hours remain: 4% credit
- If 500 hours remain: 10% credit

This credit is valid only for the same tyre size and model, and it will be applied through the authorized dealer.

Trelleborg ProgressiveTraction® tyres are engineered to deliver superior traction, reduced slippage, and maximum durability. Exclusively for Fendt tractors equipped with VarioDrive, the guaranteed performance of 5,000 hours now covers both front and rear axles.

Why? Thanks to Fendt Torque Distribution, engine power is intelligently transferred to the axle with the best grip - optimizing traction and reducing tyre wear.

For best performance, always follow the use and maintenance recommendations provided in the Trelleborg Technical Manual.

Valid for tyres purchased from February 15, 2026
